Zoom Instructions

1. The first time you click on a link for a Zoom meeting, Zoom will automatically install and launch. If you want to install Zoom ahead of time:
2. Type **"zoom.us"** into your computer's search bar/web browser.
3. Scroll down to the bottom of the page and click on "Download" Click on the blue box that says "Download"
4. Click on the Zoom.exe in your computer to install the program. It is sometimes a box in the lower left corner of your screen.
5. After it has installed you can register for a new account or use an existing account to start using Zoom.

Here is a video of the process: How To Download Zoom
