PAW General Meeting 2024-07-27

1 message

Thu, Aug 1, 2024 at 12:41 PM

Prescott Area Woodturners met at 6708 Corsair in the Prescott Airpark on Saturday July 27, 2024. The program for today's meeting was our annual Tool Sale. As folks arrived, they submitted tools for sale, and perused all the tools already displayed. It was an impressive display!

President Ric Davis called the meeting to order at 12:00 p.m. There were 49 members in attendance. Membership Director Jay Loden announced that we now have 96 members, and one guest today who will join us.

Treasurer Dennis Egan assured us that our Treasury was in good shape. Dean Humphrey said that there is still room in the fall classes at Yavapai College.

Ric Davis again reminded us that there is a need for a Vice President for 2025, as well as a back-up Treasurer.

Program Director Bob Zimmerman announced that the Tuesday Demo on July 30 will be the creation of an Arizona Toothpick. That will happen at Ric Davis's shop,

Dave Henderson announced that there is a new vendor for PAW logo shirts. Scrubs4Less in Prescott Valley will embroider a patch onto any shirt that you bring to them, and, for an extra fee, will also embroider your name. An email with directions will follow.

Ric asked for a show of hands: how many will put examples of their work in the display case at the Prescott Public Library? The club will fill the display case at the Library on August 1.

Bruce Butler said that the subject for the next Chips & Grits meeting will be "The best way to sign your work".

The August General Meeting will feature a demonstration by Ken Allen of Basket Illusion. On the following there will be a continuation of the subject, with a hands-on demo at the Allen shop.

Bruce Potter thanked everyone for the bowls already donated to the Empty Bowls event, which will take place on Courthouse Square in September. Bruce reminded everyone that August will be the last meeting at which bowls will be collected, so be sure to bring them to that meeting. As we have in the past, all the donated bowls will be displayed, along with the artists, for a picture.

At 12:15 the Tool Auction began. Ric Davis and Chuck Brown acted as auctioneers. They read from the Auction Entry Form that accompanied each tool, making each one sound like a must-have. At the end of the meeting their efforts moved most of the tools to new shops.

At the close of the auction, buyers moved about the room, finding and paying the sellers of each item.

The meeting adjourned at about 3:15 p.m.

Respectfully submitted,
Marge Hunt, Secretary
